**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have a competitive provider because it was a upgrade from what I had before, and the rates were better. I have a bundle package of internet, and phone. I say no to price hikes that will increase the cost of internet, and telephone services. Broadband is critical to my home because it helps me keep organized. I had competitive DSL before I upgraded. Local broadband providers are critical to have available to serve the public to provide exceptional rates, and service.

Thank you.
